Dear Ms. Powell:

In response to our phone conversation of this date, I hereby advise you of our intension to develop a mining test site not to exceed five (5) acres in size and located in that part of the SW4, Section 5, Township 41S, Range 21E lying North of the San Juan River. The operation will consist of surface mining only and will be regraded to the approximate topography prior to disturbance. There will be no pollution or chemical injection to the operation.

Our anticipated startup time will be sometime in the first week of August, 1983 and will be operated under the name of J & J Mining.

Sincerely yours,

Jack L. Julian
